

Wyoming School Psychology Association

November 2nd, 4th, 10th, and 12th
Fall 2020 VIRTUAL Conference
Unmasking the Potential of ALL Students

In collaboration with the California Association of School Psychologists (CASP), please join us for CASP CON (click here for more information). We'll be collaborating with CASP and state school psychology associations from Nevada, Utah, and Arizona to provide a breadth of learning and networking opportunities! There will be more than 150 sessions and 250+ hours of learning around ensuring that every student is able to meet their full potential.

WSPA will also host two virtual happy hours at the beginning (November 2nd) and ending of the conference (12th) at 5:30pm MST to allow time for collaboration and socializing with fellow Wyomingites! We hope you can join us for this exciting new opportunity!

WSPA Members! Use this [link](#) to register at a discounted rate!
